4. INSTRUCTIONS

4.1 Details in legal documents

We provide details as to how you may place orders or give us oral or written instructions.

4.2 Account details

Upon opening an account with us, you will be given an internet specific password, which must be declared, together with your account number, when you wish to access your account. You will also be given an account name, which must also be declared to access your account in certain circumstances. You will be deemed to have authorized all trading under your account number irrespective of whether the person using it for the purpose of trading is using it with your authority, unless the trade in question is not one that you in fact authorized directly or through a power of attorney.

4.3 By telephone

When you trade by telephone your instructions to open or close a Position must be given to our trader during the same telephone conversation in which the quote was given. We have no liability to you if this telephone conversation is interrupted before we receive an instruction from you to trade on that quote; nor are we under any obligation to repeat the quote in a subsequent conversation.

4.4 Authorized persons

You are to keep your account login details confidential. **No other persons are to be provided access to your account without the prior consent and approval of INGOT Broker LLC.** This is for the protection of your account. INGOT Broker LLC will not be held liable if unauthorized access is gained to your account.

This can include an Introducing Broker; however, we will require an authorization by you under a power of attorney or other permissible evidence of authority granting such Introducing Broker or other authorized person the right to trade on Your Account.

You agree to produce the original of any such power of attorney or other permissible evidence of authority to Us on request (or a copy that has been certified as a true copy in a manner acceptable to us).

We are not bound to act according to any such variation until We receive written notice and agree to such requested change. We are also under no obligation to verify the authority of any person who purports to be authorized by you in connection with this Agreement.

4.5 Account security

- (a) You are required to keep confidential all security information relating to Your Account, including but not limited to any username, account number, user ID and password. Once You have established this security

information, we have no obligation to verify the authority of anyone using this information to operate Your Account and will not be liable for any unauthorized access. If You are aware or suspect that these items are no longer confidential, you should contact Us immediately so that we can take steps to ensure the security of your account.

We may require instructions from you in respect of any Margin Contract or CFD or proposed Margin Contract or CFD and if we do, you must promptly provide us with that information. If you do not, we may, in our absolute discretion take all such reasonable steps at your cost as we reasonably consider necessary or desirable for our or your protection. But this does always not detract from your responsibility to keep yourself informed as to the key dates and events affecting your Margin Contracts and CFDs.

4.7 Confirmation of instructions

We may also, although we are not obliged to, require confirmation of any order or instruction:

- (a) if any instruction is to close an Account or remit money to you; or
- (b) otherwise, if it reasonably appears to us that confirmation is necessary or desirable.

4.8 Acknowledgement of Instructions

Instructions may be acknowledged orally or in writing by us, as appropriate.

4.9 Internet Instructions

Subject to clause 4.7 any order or instruction sent by you by internet will only be deemed to have been received and will only then constitute a valid instruction and binding Margin Contract or CFD between you and us, when such order or instruction has been recorded as accepted and confirmed to you (see earlier).

4.10 Instruction not a Contract

When you transmit an order or instruction to us, this does not automatically give rise to a binding Margin Contract or CFD between you and us because any order made by you is always subject to us accepting your offer and such order having been recorded as accepted and confirmed by us to you. You are responsible for inquiring of us if a confirmation is expected in relation to a transaction but has not been received by you.

4.11 Correct designation

It is your responsibility to ensure that moneys sent to us are correctly designated in all respects, including, where applicable, that the moneys are by way of margin and to which of your Accounts they should be applied. From time to time, we will provide you with payment details and procedures, including permitting payments in different currencies.

5. CONSENT TO RECORDING OF TELEPHONE CONVERSATIONS

You consent to:

- (a) the electronic recording of your telephone discussions with us, with or without an automatic tone warning device; and

I means the applicable Financing Rate; and

b refers to the day basis for currency (365 for GBP and USD, 360 for all other currencies)

6.3 Interest paid to you

If the balance of an Interest-Bearing Account held by a client for tax purposes exceeds the Interest Qualification level then we will pay interest on such balance, after all respective margins have been deducted, at such rate as we may determine from time to time. The rate of interest is available from us on request.

6.4 Commissions

You understand that we do not receive commissions, except for trades in Share CFDs where we may charge commission on each opening and closing of a Share CFD trade as advised to you on our INGOT Broker LLC Platform.

Commission is calculated as a percentage of the total Contract Value and is subject to a reasonable minimum commission amount which we determine at our discretion from time to time.

6.5 Timing of credits deductions or fees which you are to pay from your Account

- (a) Any charges (including Financing Charges if an Interest-Bearing Account) will be deducted from your Account the day following the day on which the charges were incurred, and Financing Benefits will be paid the day on which it was derived.
- (b) If a Position is closed at a loss, that loss will immediately be deducted from your Account and your available trading resources will be adjusted accordingly.

- (a) until such documents are provided to us your account may be placed on closing orders only and any outgoing payments from your account could be restricted. If appropriate documents are not provided to us within 5 business days of your total Net Equity equaling or exceeding USD 25,000, we may close your account with us; and
- (b) we reserve the right to require you to provide us with the documents relevant to your Individual or Joint Names Account at any time.

6.8 Reporting to you

- (a) **Confirmations:** In respect of each Contract entered by us with you, a Confirmation will appear in the INGOT Broker LLC Platform. - (c) **Daily statement:** If you have any open Positions, a daily statement in respect of each Account, including any Positions which you may have, will be sent to you following our end of day settlement time. For the purposes

7. CORPORATE EVENTS

(a) Account adjustment for dividends

Subject to paragraph (b) of this clause, an adjustment to the Account will be made with reference to any dividend or distribution attributable to any relevant Security on which a Share CFD or an Index CFD is based and will be made and calculated as follows:

- (i) where you are the Long Party, we will adjust the Account in your favor by an amount equal to the Net Cash Dividend per Security multiplied by the Contract Quantity;
- (ii) where you are the Short Party, we may adjust the Account in our favor by an amount equal to, the aggregate of the Cash Dividend per Security and any attached Franking Credit, multiplied by the Contract Quantity.

This adjustment will apply to any such Share CFD or Index CFD which is open at Close of Business on the Business Day before the Ex-Dividend Date and will be made by us by Close of Business on the day following the Ex-Dividend Date.

- (b) If we determine in our sole discretion that there has been any change in, or any change in the interpretation or application by any court, governmental or other competent authority of, any applicable law or regulation which has the effect of reducing or increasing the amount of the ordinary dividend or distribution per Security that would be actually paid to a holder of that Security, we may vary the Net Cash Dividend adjustment made under paragraph (a) in this clause with immediate effect by notice in writing to you.
- (c) For the avoidance of doubt, paragraphs (a) and (b) above will apply with respect to any constituent Security or Index, but subject to:
 - (i) where you are the Short Party, any calculation of the adjustment will be in accordance with paragraph (a)(ii) but ignoring any Franking Credit attached to the relevant dividend or distribution; and
 - (ii) any such adjustment being scaled back in proportion to the respective weighting of the affected Security within the Basket or Index as we reasonably consider appropriate.
- (d) Suspension and market disruption If, at any time:
 - (i) Trading in any relevant Security on any exchange is limited or suspended; or
 - (ii) Trading is limited or suspended on any exchange to restrict trading within any relevant Index such that we are prevented from determining the Contract Price of a Security or Index, then the Contract Price of such Security or Index will be the Contract Price immediately preceding such limitation or suspension.
- (e) In relation to a Share CFD, Index CFD or Index Futures CFD we may close the Contract and determine a Closing Date and the Contract Value under clause 13 of this Agreement. We always reserve the right during the term of any such limitation or suspension to adjust the Contract Price of any affected Contract at our reasonable discretion but having regard to the then prevailing market conditions affecting trading or trading in the Security or Index.
- (f) If, in relation to any Security or Index on which a Margin FX Contract or CFD is based, the price of any relevant Security or the Index becomes exceptionally volatile as reasonably determined by us, we may by notice inform you of an amendment to the Margin Percentage with respect to the Contract. Such amendment will also apply to any relevant Contract entered with you after such occurrence.
- (g) If:
 - (i) we are unable to hold, purchase or borrow any relevant Securities or our ability to hold, purchase or borrow such Securities becomes in our reasonable opinion at any time materially impaired or restricted for whatever reason; or
 - (ii) we reasonably believe that we can no longer perform our obligations under the Share CFD, Index CFD or Index Futures CFD on the same economic basis as that Underlying Instrument the terms of the Contract when the Contract was originally entered, then we will give notice to you of that fact and will, at your request, provide you with reasonable evidence of such circumstances, although our determination will be conclusive.

- (h) At any time following our giving of notice to you under paragraph (g) in this clause, we may close the Share CFD, Index CFD or Index Futures CFD, and clause 12 of this Agreement will apply.
- (i) We reserve the right to pass on to you any stock borrowing costs incurred by us during exceptional market conditions, as reasonably determined by us and notified in advance to you.
- (j) If any Security becomes subject to adjustment as the result of any event set out in paragraph (k) of this clause, we will determine the appropriate adjustment, if any, to be made to the Contract Price and/or the relevant Contract Quantity as we will reasonably consider appropriate to account for the diluting or concentrative effect of the adjustment or otherwise necessary to preserve the economic equivalent of the rights and obligations of the parties under the relevant Share CFD, Index CFD or Index Futures CFD immediately prior to such event. Such adjustment will be effective from the date determined by us.
- (k) The events to which paragraph (j) in this clause refers to are the declaration by the issuer of the Security of the terms of any of the following:

 - (iii) any event in respect of the shares analogous to paragraph (k)(i) or (ii) above or otherwise having a diluting or concentrative effect on the market value of the Security.
- (l) If at any time a takeover bid is made, or a scheme of arrangement is proposed, in respect of a Security, then, subject always to your right to close the position, at any time prior to the closing date of such offer in the case of a CFD on a single Security, we may give notice to you of our intention to close any relevant CFD, in which case the provisions of such notice and clause 12 of this Agreement will apply.
- (m) If a company, whose Security forms the basis of a CFD on a single Security, goes into insolvency or is otherwise dissolved, we will close such CFD and the date of such insolvency or dissolution will be the Closing Date. The Contract Value of such CFD will be determined by us in good faith.
- (n) Any adjustment or amendment of the Contract Price and the Contract Quantity made by us under this paragraph clause, subject to paragraph (a), be entered on the Account with effect immediately after Close of Business on such Business Day and will be conclusive and binding on you except in the case of manifest error.
- (o) No adjustments will be made in relation to any CFD in respect of any events occurring after the closing of such CFD.
- (p) Reference to any "takeover bid" in this clause 7 will have the meaning set out in such code or regulations as are applicable to takeovers and mergers (as amended from time to time).
- (q) News Trading: New trading is a strategy or a technique of making a profit by trading financial instruments just in time and in accordance to the occurrence of an event in the economy. This strategy is strictly prohibited by INGOT Broker LLC as our spreads are capped or fixed which leads to a potential manipulation of our trading environment. We have the right to delete or reverse any transaction that was executed by:

- Opening a position (Buy or Sell a financial instrument) within one-minute duration from the economic event.
Or;
- Placing limit and stop orders (Buy Stop, Sell Stop, Buy Limit, Sell Limit) executed on the date and time of the economic event.

8. OPENING A POSITION

8.1 No rights in Underlying Instrument

A Position does not entitle you to any rights in relation to the Underlying Instrument being traded and you will not be entitled to delivery of the Underlying Instrument; nor will you acquire any ownership or other such rights in relation to it.

8.2 Opening a position using the INGOT Broker LLC Platform

- (a) You will be able to open or close a Position and execute Limit Orders and Stop Loss Orders on a Position opened with us via the INGOT Broker LLC Platform.

- (d) If our computer records are at variance with your own records or recollection of your trading, the version of events recorded contemporaneously by our computer will prevail and our obligations to each other (including the obligation to pay any money) will be assessed and calculated on the basis that our contemporaneous computer records are correct and are conclusive evidence of the matters they record.

8.3 Telephone

- (a) You may request a quote to open or close Position or otherwise give trading instructions by telephone on one of our designated trading lines.
- (b) When you Trade by telephone your instructions to open or close a CFD must be given to our trader during the same telephone conversation in which the quote was given. We have no liability to your if this telephone conversation is interrupted before we receive an instruction from you to Trade on that quote; nor will we be under any obligation to repeat the quote in a subsequent conversation.

8.4 Nature of quote

A quote given to you by one of our traders is not an offer to contract. If you indicate that you wish to trade at the price quoted, you will be deemed to be making an offer to trade at the quoted price and our trader will be entitled to confirm or reject that offer. No trade will be effective unless and until such confirmation is given.

8.5 Formation of Contract

Your clicking 'buy' or 'sell' or accepting a quote to buy or sell by telephone will send a message to our traders indicating that you wish to trade on the terms and conditions indicated. This message will constitute an offer by you to buy or sell at the price and trade size chosen. If we accept the trade, we will send you a message to this effect. Your trade will not have been placed and no contract will come into existence until we send this message to you. You must wait for this message to appear after sending a 'buy' or 'sell' message and should you not receive this you must notify us immediately. If you do not receive our Confirmation and you do not notify us as required, you will be deemed to have agreed only to the transactions recorded by us. Similarly, if you dispute the contents of any Confirmation sent by us to you, you must notify us immediately upon receipt by telephone; if you do not, the transactions recorded by us will be deemed to have been agreed by you.

8.6 Currency

All trades will be conducted in the currency appropriate to the Position and will be converted into United States Dollars at the previous day's official closing exchange rate for the purposes of calculating the components of your account summary.

8.7 United States Dollars

All payments made by you to us and by us to you will be in United States Dollars unless otherwise agreed.

8.8 Position duration

Except for Index Futures CFDs and Commodity CFDs, a Position has no inherent limit to its duration and, subject to the payment of Margin and other relevant sums, can continue indefinitely. Any Position opened by you may be closed by us at the prevailing rate if there is an Event of Default, or in the case of a Share CFD the underlying instrument ceases to be traded for any reason referred to in this Agreement.

8.9 Opposing positions

(a) You may run opposing positions in Margin FX Contracts in the same currency pair and a Position in a market where you have an opposing Position already opened. Both Long and Short Positions will appear in your Trade Account and they will be treated as two open positions. When you choose to keep two opposing open positions they will be revalued and rolled as an individual open position until you choose to offset or match the two positions.

8.10 Difference in buy and sell prices

You understand there may be a wider difference between 'buy' and 'sell' prices you are quoted on closing a Position than when it was opened.

8.11 Profit and losses

You further understand that a payment will pass between us equal to the difference in value expressed in United States Dollars between the opening price of all Positions and their closing prices. If you make a profit, we must pay a sum to you equal to that profit. If you make a loss, you must pay to us a sum equal to that loss.

12. CLOSING A MARGIN FX CONTRACT OR CFD

12.1 When can a Margin FX Contract or CFD (other than an Index Futures CFD or Commodity CFD) be closed?

A Margin FX Contract or CFD (other than an Index Futures CFD or a Commodity CFD, which are together referred to in this clause as “Excepted Contracts”) may be closed out if:

(a) You give instructions to close a Margin FX Contract or CFD other than an Excepted Contract by entering into an equal and opposite Contract irrespective of the date on which either Contract closes automatically under clause 12.3 as follows:

- (i) **Single Position Closing:** a single open trade Position can be closed by choosing the close button when you execute the trade on line. The Contract will be closed and offset by the opposite trade; or
- (ii) **Close by Opposite Positions:** you can choose to close a Position by an opposite Position but not offsetting the two trades. You can execute an opposite trade and both long and short Positions will appear in your trade account. You can choose to offset the trades later when you prefer.
- (b) We may exercise any of our rights under this Agreement to close a Margin FX Contract or CFD other than an Excepted Contract at any time before the Contract closes automatically under clause 12.3.

12.2 When can an Excepted Contract be closed?

An Excepted Contract can be closed by the same process as set out in clause 12.1, which will also apply to those Contracts with the exception that the words “irrespective of the date on which either Contract closes automatically under clause 12.1(a)” will be replaced by “with the same Specified Date”.

12.3 Automatic closure

A Margin Contract or CFD, will close automatically on the fifth anniversary of the date on the Contract was first entered.

12.4 Time limits for closing

Details of the last day and time for closing out a Margin Contract or CFD, are available on request. It is your responsibility to be aware of the last day and time for closing out a Margin Contract or CFD,

12.5 Method of closing Margin Contracts or CFDs by us

Where we exercise any of our rights under this Agreement to close a Margin Contract or CFD, we will do so by entering into an equal and opposite Margin Contract or CFD on the Account irrespective of the date on which either Margin Contract or CFD, closes automatically under clause 12.2 of this Agreement.

12.6 Contract Price at closing

Where:

- (a) we exercise any of our rights under this Agreement to close a Margin Contract or CFD; or
- (b) a Margin Contract or CFD, closes automatically under clause 12.3 of this Agreement, we will determine the Contract Price at the time of closing in accordance with the current prices than being quoted by us, but except where the Margin Contract or CFD to be closed is outside the Normal Trading Size, our Spread used in calculating the Contract Price will not exceed 20% or one cent (or equivalent currency unit), whichever is the greater.

12.7 Contract Value at closing

A Margin Contract or CFD will close at the Contract Value at the time of closing as calculated by us, which will equal:

Contract Price x Contract Quantity and as notified to you.

12.8 Closure during Business Day

Where a Margin Contract or CFD has been closed out during a Business Day, clauses 12.3 and 12.4 of this Agreement will continue to apply to your long and short positions in the particular Underlying Instrument until Close of business on such Business Day and will apply to the balance of your outstanding long or short

Position (if any) in the relevant Underlying Instrument with effect immediately after Close of Business on such Business Day.

12.9 Timing of payments

Subject to clauses 12.12 and 12.13, Margin FX Contracts and CFDs other than Excepted Contracts close automatically at Close of Business on each Business Day and are to be replaced by an equivalent contract with immediate effect after Close of Business on that Business Day, and this will not affect the automatic closing of a contract under clause 12.3, with effect that the 5 year period will run from the date on which the contract was first entered into and when such contract closes automatically under clause 12.3 will not be reopened in accordance with this clause 12.10.

12.11 Automatic closure: Excepted CFDs

Subject to clauses 12.12 and 12.13, an Excepted Contract will close automatically at Close of Business on the Specified Date and not on the daily Close of Business:

- (a) if the period from the date of the transaction to the Specified Date of the Excepted Contract is, or is part of, a market standard period during which equivalent contracts are traded on the relevant exchange, as reasonably determined by us, such Excepted Contract will be replaced with effect immediately after Close of Business on the Specified Date by an equivalent Excepted Contract for the same market standard period to the replacement Specified Date. The provisions of this Agreement will then apply to such Excepted Contract, but this will not affect the automatic closing of an Excepted Contract under clause 12.3, with effect that the 5-year period will run from the date on which the original Excepted Contract was first entered into, and when that Excepted Contract closes automatically under clause 12.3 it will not be reopened in accordance with this clause 12.11.
- (b) when an Excepted Contract is closed by another Excepted Contract under this clause 12.11, at Close of Business on the Specified Date of the original Excepted Contract, we will calculate the difference between the Closing Contract Value of the original Excepted Contract as determined by us under clause 12.7 and the opening value of the replacement Excepted Contract.

12.12 Closure: long and short contract

If you are long and/or short a Margin Contract or CFD, with effect immediately after Close of Business on the Closing Date, we will close the relevant Long and Short Positions and record the balance in your account, if any, of your then outstanding long or short Position in the Contract, as appropriate. If there is more than one Contract in relation to the Underlying Instrument, or in the case of Index Future CFDs in relation to the Underlying Instrument with the same Specified Date, we may close out whatever Contract we consider appropriate.

12.13 Closure: two or more Margin Contracts or CFDs

Where you have two or more Margin Contracts or CFDs:

- (a) which are in respect of the same Underlying Instrument or in the case of Index Future CFDs or are in respect of the same Underlying Instrument with the same Specified Date; and
- (b) where you are in the Margin Contracts or CFDs as either the Long Party or the Short Party; we will with effect immediately after Close of Business on each Business Day replace such Margin Contracts or CFDs with a single aggregated Margin Contract or CFD equivalent to the total of the Contract Quantities of each Margin Contract or CFD. The date on which such replacement Margin Contract or CFD will expire automatically under clause 12.3 will be the latest of the expiry dates of each of the original Margin Contracts or CFDs.

12.14 Amendment of Excepted Contracts

At any time before Close of Business on the Specified Date of an Excepted Contract you may request a quote from us to amend the Specified Date, the acceptance of which will be at our absolute discretion and effected as follows:

- (a) you enter into a swap contract with us at such Contract Value as agreed between us and you;
- (b) your account will be debited or credited (as applicable) with the Contract Value of the swap contract;

- (d) you enter into a replacement Excepted Contract at the Contract Price then generally quoted by us for such Excepted Contract.

13. CLOSE OF BUSINESS ACCOUNTING

13.1 When will we account

Commencing at Close of Business on the date of the transaction and at Close of Business on each subsequent Business Day during the terms of the Margin Contracts or CFDs, (including the Closing Date), we will account under this clause 13.

13.2 Contract Value

We will calculate the Contract Value, which will equal Contract Price x Contract Quantity.

13.3 Contract Value at close

At the time of closing we will calculate the Contract Price in accordance with the following:

- (a) Share CFDs: The Contract Price of a Share CFD equal the mid-market price of the relevant Security at the close of trading on the relevant exchange on such Business Day. But if the Contract Price is determined on a day on which the exchange on which the relevant Security has its primary listing is closed it will equal the mid-market price of the relevant Security at the close of trading on the preceding Business Day on which such exchange was open.
- (b) Index CFDs: The Contract Price of an Index CFD is the bid or offer price (whichever is applicable) calculated by us by applying our Spread to the market price determined by us to be fair and reasonable having regard to the current price of any Related Index Futures Contract and any other matter considered by us to be relevant.
- (c) Index Futures CFD: The Contract Price will be the mid-market price calculated in accordance with clause 9.5 (pricing)

- (d) Bullion CFDs: The Contract Price will be the mid-price calculated in accordance with clause 9.6.
- (e) Commodity CFDs: The Contract Price will be mid-price calculated in accordance with clause 9.7.
- (f) Margin FX Contracts: The Contract Price will be the mid-price calculated in accordance with clause 9.8.

13.4 Valuation

If on the date of the transaction:

- (a) the current Contract Value exceeds the Opening Value; the Short Party will pay to the Long Party such excess;
- (b) the Opening Value exceeds the current Contract Value; the Long Party will pay to the Short Party such excess. If, on any Business Day during the term of the Margin FX Contract or CFD, (including the Closing Date):
- (c) the Contract Value exceeds the Contract Values on the preceding Business Day, the Short Party will pay to the Long Party such excess;
- (d) the Closing Value on the preceding Business Day, exceeds the current Contract Value, the Long Party will pay to the Short Party such excess.

13.5 Financing Charge: Share CFDs for account types with Swap or Rollover options

- (a) Where you are the Long Party in a Share CFD on an Interest-Bearing account and interest is payable by you (Financing Charge) we will debit from the Account an amount equivalent to the overnight interest to the next Business Day equal to the Relevant Interest Rate plus the relevant Interest Percentage on the Contract Value. Such debit amount will accrue for each day or part day (taking the annual rate divided by 365 or 360 according to relevant market practice) up to and including the settlement date.
- (b) Where you are the Short Party in a Share CFD on an Interest-Bearing account and interest is payable to you (Financing Benefit) we will credit to the Account an amount equivalent to overnight interest to the next Business Day equal to the Relevant Interest Rate minus the relevant Interest Percentage on the Contract Value. Such credit amount will accrue for each day or part day (taking the annual rate divided by 365 or 360 according to relevant market practice) up to and including the settlement date.

13.6 Daily Rollover of Margin Contracts and CFDs for account types with Swap or Rollover options (other than Share CFDs & Excepted Contracts)

For all Interest Bearing accounts, when you hold a Position or Positions overnight in a Margin FX contract or CFD (other than an Excepted Contract) they will be rolled to the next Business Day which will result in you paying a Rollover Charge or receiving a Rollover Benefit at the INGOT Broker LLC Rollover Rate and the amount depends on our Rollover Rate, being the rates at which you receive or pay interest on Positions that remain open overnight. (This is a varying rate dependent upon the applicable rate in the Interbank Markets for the currencies or bullion, the duration of the rollover period, the size of the Position and the INGOT Broker LLC Spread that is applied at our discretion.) No Rollover Charge is paid, or Rollover Benefit is received in the case of Excepted Contracts of Interest Free Accounts.

The operation of this clause 13.6 is subject to clauses 13.8, 13.9, 13.10 and 13.11.

13.7 Entitlement for account types with Swap or Rollover options

For all Interest Bearing accounts, when you are long on a Margin FX Contract you may either receive a Rollover Benefit or pay a Rollover Charge, depending on the currency you are long, subject to clause 13.8 and if you are

short on a Margin FX Contract you may either pay a Rollover Charge or receive a Rollover Benefit, depending on the currency you are short, subject to clause 13.8.

13.8 Long Margin FX Contracts for account types with Swap or Rollover options

For all Interest-Bearing accounts, when you are long on a Margin FX Contract where the bought currency interest rates are higher than the sold currency interest rates you will receive interest at the Rollover Rate if you hold the Position overnight and do not close it before the settlement time. This is because you are holding the higher yielding currency. On the other hand, if you are long on a Margin FX Contract where the bought currency interest rates are lower than the sold currency interest rates then you will pay interest at the Rollover Rate if you hold the Position overnight and do not close it before the settlement time. This is because you are holding the lower yielding currency.

13.9 Long Bullion CFDs account types with Swap or Rollover options

For all Interest-Bearing accounts, if you have a long US Dollars/short Bullion position and interest rates in the USA are higher than the Bullion Rollover Rate you will receive a Rollover Benefit at the INGOT Broker LLC Bullion Rollover Rate if you hold the position overnight and do not close it before settlement time. This is because you are holding the lower yielding asset.

13.10 Short Margin FX Contracts account types with Swap or Rollover options

For all Interest-Bearing accounts, if you are short on a Margin FX Contract where the sold currency interest rates are higher than the bought currency interest rates you will pay interest at the Rollover Rate if you hold the Position overnight and do not close it before the settlement time. This is because you are holding the lower yielding currency. On the other hand, if you are short on a Margin FX Contract where the sold currency interest rates are lower than the bought currency interest rates then you will receive interest at the Rollover Rate if you hold the Position overnight and do not close it before the settlement time. This is because you are holding the higher yielding currency.

13.11 Short Bullion CFDs account types with Swap or Rollover options

For all Interest-Bearing accounts, if you have a short-United States Dollars Dollars/short Bullion position and interest rates in the USA are higher than the Bullion Rollover Rate you will pay a Rollover Charge at the INGOT Broker LLC Bullion Rollover Rate if you hold the position overnight and do not close it before settlement time. This is because you are holding the higher yielding asset.

13.12 Revaluation of positions affected by Limited Trading Hours

You acknowledge that any reduction by the application of Limited Trading Hours under this Agreement has the result that open positions will be marked to market after close of trading on the primary exchange and your Margin Requirement will vary accordingly.

13.13 Settlement

Payments will be settled by us each day by debiting or crediting your Account with the Rollover Benefit payable by us and the Rollover Charge payable by you. If there are insufficient funds in your account, you acknowledge that any amount due under this clause is a debt due and owing by you to us.

13.14 When we make accounting payments

Any payments due under this clause 13 will, subject to clause 16.2 of this Agreement, be made by us adjusting the Account with effect immediately after Close of Business on the relevant Business Day.

14. STOP LOSS ORDERS & LIMIT ORDERS

14.1 Availability of Orders

Stop Loss Orders and Limit Orders are only available on selected instruments. We may refuse to accept any Stop Loss Orders or Limit Orders on any Trade. Such orders as we do accept may be placed or (save in the case of a Stop Loss Order which we impose, see clause 14.4) cancelled at any time during the trading hours of the exchange on which the underlying instrument is traded.

14.2 Margin requirements to fill orders

An order which involves an instruction to us to open a Trade above a certain price will not ordinarily be filled unless at the time when the price reaches the relevant limit your Account contains enough trading resources to cover the initial Margin for the Trade which is to be opened. We may, however, at our discretion proceed to fill such an order notwithstanding that your account has insufficient trading resources to cover the initial Margin for the Trade which is to be opened. In such circumstances we reserve the right at any time after the opening of the Trade to require you to deposit cash in the amount of the required initial Margin for that Trade. Any such further cash deposits will be payable as Margin in accordance with the provisions of clause 10. A failure to make payment in the time and manner required will be an Event of Default. We reserve the right to refuse to open a Trade in accordance with a Limit Order if:

- (a) there has been an Event of Default; and
- (b) in any other circumstances where we would be entitled to close the Trade if it had already been opened.

14.3 Liability for losses arising from orders

You will remain liable for any losses on your account which may be realized as the result of the filling of an order, regardless of the trading resources available on your account at the time the order was filled.

14.4 Our right to impose a Stop

We may impose a Stop Loss Order on any of your open Trades where we believe such action is necessary or desirable to limit the losses on any of your positions including, but without limitation where:

- (a) we have any reason whatsoever to think that you will not pay us any money that is or may become due to us;
or
- (b) you make any statement to us which we have reason to believe is or may not be true; or
- (c) you fail to abide by any undertaking you have provided us with; or
- (d) We are having difficulty in communicating with you and there are grounds for believing that this is because you have failed to take reasonable care to ensure that you are always contactable by us. Such grounds will arise if (whether in order to make a Margin Call) we dial all the telephone numbers given by you to us but are unable to speak to you personally and:
 - (i) We leave a message on any message-taking facilities offered, including a person or automated system, but we do not hear from you within 30 minutes of leaving the message. (If we have left more than one

message, then within the first 30 minutes of the first message we leave you. If we have left a message and for any reason it does not reach you, we will nonetheless be deemed to have left a message for you); or

(ii) No message-taking services are offered, and we dial all the numbers given by you again after a period of not less than 30 minutes and are still unable to speak with you at once.

14.5 Informing you of orders we impose

We will as soon as reasonably practicable after imposing a Stop Loss Order attempt to inform you of it by telephoning you on the number or numbers that you leave with us and;

- (a) informing you personally of the Stop Loss Order or if this is not possible by;
- (b) leaving a message if, and only if, there is an automated message-taking facility or a person who offers to take such a message for you. If a message is left, it will be deemed to have reached you whether it has in fact done so. We will also send written notification to you by post and/or email at the addresses that you have given to us. We are under no obligation to take any other steps to inform you of the Stop Loss Order and a failure for any reason to inform you of the imposition of a Stop Loss Order will not affect the validity or enforceability of that Stop Loss Order.

15. OUR RIGHT TO LIMIT, CLOSE OR REVERSE YOUR POSITIONS

15.1 Our right to limit, close or reverse your Positions

- (a) We may exercise our rights under clause 15.1(b) if any of the following circumstances apply:
 - i we reasonably consider that there are abnormal trading conditions;
 - ii we are unable to make prices in the Margin Contract or CFD due to the unavailability of the relevant market information for reasons beyond our control;

15.2 Rights not restricted by taking orders

Our rights under clause 15.1(a) are not affected or restricted because we have accepted an order or orders which result in you exceeding a Position Limit.

15.3 Proceeds may offset amounts owing to us

If we exercise our right to close out all or part of any open Position, we may apply any proceeds to payment of any amounts due to us by you, whether under this Agreement or otherwise.

15.4 Your acknowledgement

You acknowledge that we may close out your positions and in what proportion that we decide in our absolute discretion and including where your account to us is in deficit. You also acknowledge and agree that we will not have any liability to you as a result of any such closing of your Positions.

15.5 Our limiting/closing of positions does not affect margin obligations

You must still, however, comply with your obligations to maintain the necessary Margin requirements under this Agreement. If you continue to trade outside the necessary Margin Requirements under this Agreement, you remain liable for the full debit balance on the Account arising from your trading.

16. PAYMENTS

16.1 Your payments must be the full amount

When you make any payment, which is subject to any withholding or deduction under this Agreement, you must pay to us an amount that ensures that the amount received by us is equal to the full amount we would have received had no withholding or deduction been made.

16.2 Payments we owe you and you owe to us are offset

(a) If on any day, the same amounts are payable under this Agreement in respect of the same account by either you or us to the other in the same currency, then, on such date, each of our obligations to make payment to such amount will be automatically satisfied and discharged.

(b) On the other hand, if the aggregate amount that is payable by one of us exceeds the aggregate amount that is payable by the other in the same currency, then the one who must pay the larger amount must pay the excess to the other, and the obligations to make payment of each party will be satisfied and discharged.

16.3 Payment of amounts due to us

Unless otherwise provided in this Agreement, all amounts due to us will, at our option:

- (a) be deducted from any funds held by us for you; or
- (b) be paid by you in accordance with this Agreement.

16.4 Withdrawing equity from your Account

a When your Account is in credit, you may request us to send you a cheque or effect payment by alternative means of the amount in credit of such amount as you may specify. But, we may at our discretion withhold from the amount of the credit balance if:

- I. any overnight position on your account shows a notional loss;
 - II. we reasonably consider that further amounts may be required to meet any current or future margin requirement on open Positions due to underlying market conditions;
 - III. if you have any contingent liability to us (or to any of our associates), in respect of any other Account open with us;
 - IV. we reasonably determine that there is an unresolved dispute between us and you in connection with this Agreement or any Margin Contract or CFD; or
 - V. we consider it necessary or desirable to withhold such amount to comply with our regulatory or legal obligations, and we will notify you as soon as reasonably practicable if we decide to take such action unless otherwise stated in this Agreement.
- b Any withdrawal that has been sent from our segregated bank account will be deemed to be confirmed and settled three weeks from the date of the client notification of the wire payment. Any withdrawal that has been sent from our bank accounts will be deemed to be confirmed and settled three weeks from the date of the client notification of the wire payment. The client will be notified when a wire transfer is sent to the client's bank account in order to settle the withdrawal of equity. After the notification period of three weeks and given that the client or the bank did not inquire or inform us of a problem that has arisen concerning the transfer, the client and INGOT Broker LLC will deem the transfer to be successful and the client's withdrawal request will be processed and sufficed.

16.5 No security interests created

Nothing in this Agreement is intended to create or does create in favor of either of us any mortgage, charge, lien, pledge or other security interest in any cash or other property transferred by one to the other under any Margin Contract or CFD.

16.6 Payments transferred must have free title

Each of us agrees that all rights, title and interest to and in any payment which it transfers to the other in respect of a Margin Contract or CFD under this Agreement vests in the recipient clear of any liens, charges, encumbrances or other interest of the transferor or any third party.

21.2 UNLAWFUL TRADING TECHNIQUES

- (a) Internet issues, connectivity delays and price feed errors sometimes create a situation where the price(s) displayed on Our Online INGOT Broker LLC Platform do(es) not accurately reflect the market rates. The concept of using trading strategies aimed at exploiting errors in prices and/or concluding trades at off-market prices and/or by taking advantage of internet delays (commonly known as “arbitrage”, “sniping” or “scalping”* hereinafter collectively referred to as **Arbitrage**) cannot exist in an over-the-counter market where the Client is buying or selling directly from the principal.  - iii. Restrict the Account(s) involved’s access to streaming, instantly tradable quotes, including and without limitation, providing manual quotations only and requiring any submitted orders to require our prior approval;
 - iv. Retrieve from the Account(s) involved any historic trading profits that We can document as having been gained through such abuse of liquidity at any time during the client relationship;

- v. To terminate the client relationship and/or close all Accounts involved (including and without limitation, all other accounts held by the same account holder with Us immediately by giving written notice); or
 - vi. Take such other action as we consider appropriate.
- (d) Any indication or suspicion in our sole discretion of any form of Arbitrage (including but not limited to risk-free profiting), abuse (including but not limited to the Client's trading activity patterns that indicate that the Client solely aims to benefit financially without being genuinely interested in trading in the markets and/or taking market risks), internal hedging in coordination with other parties, fraud, manipulation, or any other forms of deceitful or fraudulent activity will constitute all Transactions carried and/or profits or losses garnered as invalid. In these circumstances, we reserve the right to close/suspend (either temporarily or permanently) all of the Client's trading accounts and cancelling any transactions.

* Please refer to clause 4.15 of INGOT Broker' *Terms and Conditions* document for INGOT Broker's definition of "scalping".

- (b) upon realization of an investment of your moneys, the initial capital invested must either be invested in another investment permitted by our internal client money rules or deposited by us into a segregated bank account operated in accordance with our internal client money rules;
- (c) in the event that the amount received upon realization of an investment of your moneys is less than the initial capital invested, we must pay an amount equal to the difference into a segregated bank account for the benefit of you, except where any such difference is the result of amounts paid out of the investment to us and/or any Associate of ours in accordance with the terms and conditions of this Agreement;
- (d) we will not charge a fee for investing your moneys in accordance with our internal client money rules.

25.4 Property held on trust
