Minimum Equities and Liquidation Levels

There is usually a minimum Account opening deposit of USD 100. This may be varied at our absolute discretion from time to time. INGOT doesn't encourage the use of double gearing, in which the clients use borrowed funds to fund leveraged products, as this carries very high degrees of risk. For this reason, we attempt to limit the use of credit cards to fund an Account but note that with the advent of Visa and Mastercard Debit Cards it is not possible for us to distinguish between a debit or credit card. Minimum Total Equity The minimum Total Equity balance required to hold a position after you have opened your Account is the greater of the two amounts as set out in the following table:

Margin FX Contracts	25% of the Total Margin Requirement or USD\$100 or its currency equivalent
Bullion CFDs	25% of the Total Margin Requirement or USD\$100 or its currency equivalent
Index CFDs	25% of the Total Margin Requirement or USD\$100 or its currency equivalent
International Share CFDs	25% of the Total Margin Requirement or USD\$100 or its currency equivalent
MENA Region CFDs	100% of the Total Margin Requirement or USD\$100 or its currency equivalent
Index Future CFDs	25% of the Total Margin Requirement or USD\$100 or its currency equivalent
Exchange Traded Funds CFDs and commodity CFDs	100% of the Total Margin Requirement or USD\$100 or its currency equivalent
Cryptocurrencies CFDs	25% of the Total Margin Requirement or USD\$100 or its currency equivalent

The above levels are referred to as the Liquidation Level. At or below this level we may close-out (i.e., liquidate) some or all your open positions.
